Officer: DETECTIVE WILLIAM C CARLBERG JR

11/16/2000 1745

On the above date, I assisted the NH State Police Major Crime Unit with the arrest and search warrant for Chad Evans, 191 Milton Road. Mr. Evans was charged with manslaughter as a result of a multi-jurisdictional investigation into the death of a twenty month old child living in his home.

Det. Savitts and I were assigned to cover the rear of the house while uniform officers attempted service of the arrest warrant. Mr. Evans was arrested without incident and transported to our station where he was booked by State Police personnel. Myself, Detective's Savitts and Gero were then tasked with assisting Crime Scene coordinator, Det. Cody. The search of the residence was then conducted. The search concluded just before 0100 on 11/17/00.

All evidence was collected and seized by NH State Police. No one other than police personnel entered the residence at 191 Milton Road while we were executing the search warrant. The family of Mr. Evans was permitted back into the residence and provided a return, just before we departed.

Nothing further.
