INTERVIEW OF TRAVIS HUNT

JR I'm Trooper Jill Rockey of the New Hampshire State Police. It's November 22nd in the year 2000 at 10:57 hours. And I am in a conference room at the Rochester Police Department and with me is Detective Scott Harakles of the Maine State Police and Travis could you say your name and spell your last name for me?

TH Um, Travis C. Hunt, H-U-N-T.

JR Okay and you know you're being recorded right now Travis?

TH Yes.

JR Do you mind if we record this interview?

TH No problem.

JR Okay.

SH Travis um like I was saying before I've asked you to come in so you volunteered to come in. You know you don't have to be here. To this point in the investigation I view you as a witness, um a cooperating witness. At any point during this interview you decide that you're not comfortable talking anymore, you'd rather not be here, you are free to leave. No hard feelings the door is shut for our privacy. Um, we're taping because we are in New Hampshire and this is the law in New Hampshire. This is what you have to do, so. Um I don't want you to be nervous or anymore wound up from the last time we talked. I do believe this will probably be the last time that you and I sit down and talk. Like I said it's, it's our procedure to talk to someone once and then follow-up which is what I've been doing all day today and will continue to do. Um so that's really all I want to do it's no surprises or anything like that. Are you going to be comfortable with that?

TH No problem.

SH Alright. The first thing I wanted to get into um I'm going to bring up Cassidy and I want to talk about um since the first day that you met her. Um you had told me something in the last interview that I thought was interesting. You had said to me that she always has seemed to have bruises since you've known her especially on her face. She's always seemed to have bruises. Can you just tell me a little bit about that I mean the first time you saw her. How long ago that was?

TH Um I basically met her like you know when I moved in or whatever.

SH Roughly?

TH A little over a month ago.

SH Did you meet her before you moved in or when you moved in?

TH No I, I knew about her, whatever, from Amanda cause I had met Amanda a couple times before that.

SH Prior?

TH But I never had met her daughter.

SH And the first time you met her you were already established at that residence you already lived there? We're talking about Kassidy?

TH Well when I no I wouldn't say that cause I was moving in like slowly pretty much I moved stuff in here stuff in there or whatever.

SH At the time was Kassidy visiting at that residence or was she staying there?

TH As far as I know she was staying there. She's was pretty much, I mean Amanda wasn't even living there like officially or whatever, but.

SH Okay. Now I don't want to put words in your mouth so you need to correct me if I ever say anything that you do not absolutely think is true.

TH Okay.

SH But is it safe to say that from the first time you've ever seen her you've noticed bruising to her face?

TH Actually I wouldn't say the first time um pretty much like right when, when I lived there...

SH Yup.

TH ...I would notice it.

SH Now was it always the same?

TH When I was around her like all the time or whatever.

SH Was it always the same type of bruising or was it different?

TH Well pretty much. Yeah she, she always had like you know right here, around her face. Sometimes she'd have a, a and I seen one on her arm. Uh, she had one on her butt once.

SH Now these bruises you were pointing to were kinda in the cheek area on both sides?

TH Yeah.

SH And ah what...

TH Around the jaw area.

SH ...normal looking bruises like ah abrasions, scraps or just bruises?

TH Just bruises.

SH Bruises. Um and you attributed them to what?

TH Well I, I've, I've seen her fall a lot I mean I've seen her like on the couch we have a coffee table it's like right in front of it and I've seen her fall and hit that before. So and I've seen her you know she's goes down the stairs when she went down the stairs she'd go down like laying down.

SH Um hmm.

TH And sometimes she'd, you know fall off at the bottom or whatever and...

SH So the bruises maybe to her buttocks area you kind attributed to the way she went down the stairs?

TH Well the one on her buttocks was from she came home with it after being babysat.

SH Right.

TH But, whatever. Jeff Marshall had given her a spanking or whatever.

SH Um why don't we talk about that. I do know all about that story. It's, it's out in the open and talked about. Um, but from your point of view how long ago was that?

TH Yeah.

SH Who had brought her home?

TH Jeff did.

SH Jeff had brought her to the house?

TH Yeah.

SH And what did Jeff say?

TH Um...

SH Were you home at the time?

TH Yeah, yeah sure. You know he said, she's being a real bitch this weekend, to Chad. And he said he had to slap her ass or whatever.

SH Okay. And at that time did people peel the diaper off and take a look or what?

TH No, the, later like I don't know, later on in the day or maybe even the next day or whatever Amanda was changing her or whatever and she showed me.

SH She brought the baby to you and said look at this?

TH Yeah and said that ah she and her sister gave Jeff holly hell or whatever. So.

SH For doing that?

TH Right.

SH Now when Jeff was dropping her off and telling her telling you people about what he had done did he say that he had bruised her or...

SH He didn't say I, I slapped her ass good or anything like that he just said I slapped her ass?

TH Yeah.

SH Okay. Did you actually see the bruise?

TH Yes.

SH Okay. Describe it to me then?

TH It was black and blue.

SH Black and blue?

TH Right.

SH In one area?

TH Yeah, right well it was across the buttocks...

SH Okay.

TH ...area.

SH What did you think of that?

TH I was like, uh, I knew she bruised easy so but um I didn't really think to, to much about it you know. Because she did bruise easy but you know after the fact you know and in regards to all this all that's happened or whatever. I thought maybe through a pamper, through pants that was a little much black and blue.

SH Right.

TH Right.

JR How do you know she bruised easily?

TH Um she just always had bruises or whatever you know what I mean like she barely you know even if she barely fell she'd bruise you know pretty easy. And she was light complected, so I, I really didn't think anything about it.

SH Um I know this is, is gonna be difficult. I'm not asking you to split hairs here but can we talk about some incidents were you actually saw a fall that did in fact cause a bruise. Not what you were told about. What you actually saw with your own eyes.

TH Hm, well I...

SH Would we say one incident? Five incidents? What would be say?

TH I'd say maybe three or four.

SH Three or four times you saw this child fall?

TH Um hmm.

SH And develop a bruise because of that fall?

TH Um hmm.

SH And where were these bruises?

TH Um well like I said she, she hit her head on the ah coffee table.

SH Um hmm.

TH Um going down the stairs she'd fall a lot, um and get like probably, you know, on her arms.

SH Okay um did, did you ever see her do anything that caused the bruising right in here to the, to the cheek area? Did you ever see something to cause that?

TH No.

JR Yeah, where did she bruise when she hit the coffee table?

TH I want to say like right head first on her chin.

JR Okay did, did she trip or did she go forward into the...

TH Well she was getting trying to get off the couch and just kinda stumbled off and...

JR How did she hit under here though she's going down and she'd hit there? Did she like pick her head up or something? This was one of the ones you saw right?

TH Yeah just you know like this standing up on the couch trying to get off. And fell off, boom.

JR Okay.

TH And hit the coffee table.

SH She got the underneath of her chin you would say?

TH Right er, yeah right in the front or underneath.

SH What's the coffee table made out of?

TH Glass.

SH It didn't break it or anything?

TH No.

SH She cry?

TH Um, yes.

SH She did. Um on this same subject you had kind of described to me what she was like when she would fall. Um it was a little bit different than what most kids do.

TH Right.

SH Um you even described her as possibly being a little slow.

TH Uh hmm.

SH Um, why don't you elaborate on that a little bit.

TH On her being slow?

SH On both on her what she would do when she would fall. Did she always do that same thing you know describe it for me.

TH No most, most of the time she wouldn't really you know put up to much of a fuss. Um and ah I don't know. The thing that made me think that she was slow would be, be that uh, you know she's 1 and 1/2. 1 1/2 year olds are usually you know into everything pretty much you know. And uh, she'd just sit on the couch all day. Or you know in her high chair. When it was time to eat. She was you know she'd just sit there quiet.

SH Really.

TH Not you know getting into stuff or running around or...

SH And had, had she been like that since the day you first knew her?

TH Yeah pretty much yeah.

SH She'd always been very quiet?

TH Yeah you know except for when because her mother would ah she's pretty much working from the house doing survey's or whatever. And ah you know when she got up she'd get up you know when Amanda got up Kassidy would get up. You know but...

SH Now I guess what I was getting at was about these falls um I thought you had described to me that the way she would fall was kind of strange. And ah that she wouldn't protect herself?

TH Yeah she wouldn't.

SH This is, is this something you actually saw or have just been told?

TH No she I've, I've seen it before. She when she fell she wouldn't put her arms out, like to stop herself like instinct.

SH She would just fall?

TH Yes.

SH And did you witness this with the coffee table? Do, do you remember?

TH She didn't really put her arms out, no. She just she kinda fell into it.

SH Um, Jill did you have any other questions about the bruising at all?

JR Just one about the buttocks. You said it was black and blue. Was it under where the diaper would be or, or was it on actually on the back of her legs? Because the way it was described to me was it um you could see it when her diaper was on and then when you took the diaper off you could see it more so. Do you know what I'm saying. Like, it was on her buttocks as well as her upper thighs?

TH I saw it, I saw it on the buttocks.

JR Okay so when...

TH From what I remember.

JR So if her diaper was on would you be able to see it?

TH No.

JR Okay.

SH Um I've heard a about a story about ah them all jumping on the trampoline. Chad, Amanda, um Kassidy and Kassidy almost falling off the trampoline. And Chad kinda grabbing her and, and saving her so to speak. Were you there for that?

TH No.

SH No. Have you heard that story?

TH No.

TH No. Well I think you mentioned it the last time we talked.

SH But you don't know anything about that?

TH No.

SH Okay. Um as far as the discipline of the child, now you lived in the same house with her so you must have seen her be at least corrected verbally or even spanked, which I'm not here to condemn, especially if there was a need for it?

TH Right.

SH Um but you as a witness, as a housemate, um, I would think would have had to have know a little bit about the discipline situation anyway like, who was in charge of the discipline was it the both of them have you ever seen the child punished or disciplined?

TH Yeah um it was pretty much the both of them I would say. You know. And ah punishment usually consisted of time out, going up to the room.

SH So can I say that you have witnessed Amanda give Kassidy a time out?

TH Yes.

SH And you have witnessed Chad give her a time out?

TH Yes.

SH And ah do you recall these specific incidents? Was there any touching involved in this time out, like you know you take her by the arm and you say, "You get upstairs to your room," or was there anything like that or was it always just from across the room?

TH Most of the time you, you'd just tell her, "Go upstairs," and she'd go.

SH Um hmm.

TH Or whatever. She'd, she'd put up a little bit of a, of a fuss but she'd go pretty much.

SH Did you ever see her physically taken upstairs for a time out?

TH No.

SH Okay um but you, you have witnessed just the verbal time outs? Um anything else? Just parents kind of at the end of their rope, losing their patience with her, you know. Do you recall anything like that?

TH Uh, he yelled for her to be quiet when it was, you know, bedtime or whatever. She'd always throw a fit around bedtime.

SH Okay. Um, and that was about all you would remember for voices being raised?

TH Um hmm.

SH Um, I have to ask you this Travis and I believe you're gonna be honest with me. From a discipline stand point in that house that you lived in did you ever see anything that you thought was a little bit inappropriate? That you wouldn't have done in that way? That maybe these two parents were a little bit immature?

TH Um, locking her in her bedroom when it was bedtime.

SH You thought that was something you wouldn't do?

TH No I, I definitely wouldn't do that.

SH Can you, can you explain that to me a little bit? Like what was that after they had tried unsuccessfully to get her to, to go to bed nice or was that the standard procedure?

TH No it was I've only seen it maybe twice but even then, you know, I think whatever.

SH Well just give me the details?

TH Well they'd you know Amanda would close the door and she'd put a sock in the top of it.

SH Yup.

TH So she couldn't open it. Once she, Kassidy just opened the door and come right out, you know.

SH Okay. Was she, she wasn't in the crib anymore?

TH No. She was sleeping in the bed.

SH She was sleeping in the bed and she would obviously would get out of bed and want to come out?

TH Right. And she just you know banged on the door basically.

SH Trying to get out?

TH Um hmm.

SH Um. And was it always Amanda or was it Amanda and Chad who would lock her in?

TH I've only seen Amanda put the sock in the door, but I worked so I'm not there all the time.

SH Alright. Was there anything else besides them locking her in her room that you saw that was just something you wouldn't condone. And I'm not sitting here judging you for not calling us right away. Um, I've talked to about ten people, just like you, who I think sit here and feel, man I should have had an idea something else was going on and I should of called. I'm not judging you. What I am is appreciative that you're willing to come in here and talk to me now. Um, but you really are my best witness being that you lived in the house. Was there anything else, um, maybe grabbing by the arms or grabbing by the ears, just certain things parents do that if I saw would raise my eyes and say, you know the kids to small to be doing that?

TH No, I haven't.

SH You never saw anything like that?

TH No, not like that.

TH I, I, I never said anything but Amanda said something to me.

JR She did?

TH Yeah, about her ah, um. She was going to put her in daycare she had just started working or whatever and she said she couldn't because of her bruises.

JR She couldn't put her in daycare because of the bruises?

TH Right.

JR Why did you think she couldn't put her in because of the bruises?

TH Well obviously, again, because. You know, obviously a daycare your um the teacher would. might whatever the person that watched them would say something.

JR Um hmm. So why would Amanda be afraid of that?

TH I don't know.

SH Well, if it makes it any easier for you Amanda has already taken us through that whole conversation. She all ready told us all about it. And we know that it took place and we know why she wasn't able to go to daycare. We're not stupid and neither are you?

And that she had a conversation with you about it. And she shared some of her concerns, concerns about Chad causing these bruises to Kassidy's face. Um are you telling me that that conversation never took place?

TH No, it did.

SH Okay. What do you recall her saying and she's already told me what she said but, it's important for me to know where you are on this.

TH Uh hmm.

SH I realize that Chad's your friend.

SH Okay. Do you believe her?

TH I don't know, if I do or not, you know.

SH Did you believe her then? Were you saying...

TH Well the kid, the kid had bruises. So I mean, you know.

SH Had you ever seen her handle the kid like that?

TH She, I don't know, she wasn't like a typical mother, so, um.

SH Well kind of elaborate out on that. Yes or no, did you ever see her grab Kassidy...

TH Nope.

SH ...by the face?

TH No

SH Did you ever see her get physical with Kassidy to, in which you thought was a little bit extreme?

TH No.

SH No. Okay. Um, so if I understand this conversation, correct me if I'm wrong, she came to you whether it was casual, or needed to pour her heart out, or whatever it was. She came to you and said that she had some concerns in how Chad was handling Kassidy especially pointing out the way that he was grabbing her by the face. Um and to that you offered no advice?

TH No, I uh, I had never seen it and you know, I didn't know...

SH Did you even try to dismiss it and say he probably doesn't mean anything by it, he's a good guy? Did you tell her she was dumb, I mean...

TH No, I...

SH ...what, what did you say to her? You must of said something?

TH I don't, I don't, I honestly don't remember...

SH Okay.

TH ...what I said.

SH Do you consider her a friend?

TH I, I mean yeah I, I didn't really know her that long but, I would, she was a good, a good person to talk to, you know.

SH She considers you a friend.

TH Um hmm.

SH Um, so I just I you didn't really have much to say to her at the time? Um that's fair enough. Anything about, anything else Jill about the conversation?

JR You said that she demonstrated how she was concerned about ah him grabbing her in the face and the story that we had gotten was that was in relation to ah Kassidy almost falling off a trampoline so Chad had to grab her that way. Right? Um when, when she talked to you ah and said that she had concerns about how he treated the baby um did, did she mention it was when she almost fell off the trampoline or did she say?

TH No I, I never heard about falling off the trampoline. Or Kassidy even being on the trampoline.

JR Okay so how did she make reference to it? Did she just say I don't like the way he grabs her face or?

TH Right.

JR That's what she said?

TH Yeah.

SH Um as far as the trampoline story goes um Amanda has told us that it's a story that they made up. Because in meeting people such as yourself such as mom's anyone they had to have some ammunition for why Kassidy looked like that. Were you aware that they were doing that? Were you aware that they had some, some stories laid out um as far as why Kassidy looked the way she looked?

TH No.

SH You, you didn't know that...

TH No.

SH ...they had made up any stories like that?

TH Un nnn.

SH Um, were you aware of the real reason she was going to Jeff's? Daycare we'll call it. The reason for that?

TH She didn't want to put her in daycare.

SH Do you know it was just Amanda who didn't want to do it or was that Chad's advice um that the two of them didn't want to.

TH No I figured it was just her, you know.

SH Cause it's actually my understanding that Amanda ah didn't think anything of it. And was, and was gonna look into daycares. And that Chad had stopped her. And he advised her against doing that because of the way Kassidy looked. You don't know anything about that situation?

TH No.

SH You don't know who was calling the shoots, so to speak? Um but you, as a, as a third party did understand the Jeff babysitting situation as just an attempt to try to maybe get by someone else seeing those bruises and maybe doing a report, that type of thing. You knew that was the situation?

th Say that again.

SH Did you know that the reason that she went to Jeff rather than a normal daycare was because of the bruising? And that a normal daycare would have probably reported it?

TH Right, yes.

SH You knew that, that was the case?

TH Yes.

JR And that was from your conversation with Amanda? When she brought out about the grabbing of the face?

SH Um what I'd like to do now is just slowly go through Wednesday evening. When I say Wednesday evening do you understand what I mean by that? That would be the night before on Thursday when Kassidy died.

TH Right.

SH Okay, um so why don't we take it from Wednesday morning? So this is going to be the full day before this tragedy happens. What time do you wake up on Wednesday?

TH Between 11:30 and 12:00.

SH Okay you wake up between 11...

TH Actually, probably around 10 actually cause I worked 11 to 7 that day.

SH You worked okay you worked 11 to 7. So you slept for like three hours? 11 okay you worked 11 to 7 that day on Wednesday?

TH I worked 11 to 7 that day so I had to be there at 11 so I probably got up about, between 9:45 and 10 o'clock.

SH Who was home when you got up?

TH Ah nobody.

SH Nobody was home. Um did you go upstairs?

TH Nope.

SH You didn't go upstairs?

TH Nope. I just put on my uniform brushed my teeth downstairs and you know combed my hair and whatever and out the door.

SH Okay, did you um in the course of that morning being awake through your shift at McDonalds have any contact what so ever with Chad?

TH Right.

TH Is when I got home.

TH I got out at 7 probably 7:30, 7:45 around there.

SH 7:45. Okay. Who was home when you got home?

TH Um Cassidy, Chad and Kyle.

SH Okay do you know how long they'd been home?

TH Um, I don't know. Probably, my guess would be about 45 minutes to an hour. I think he said he fed her dinner or whatever so.

SH Okay did he give you any idea what time they got in?

TH Ah she says, hi. She just says, hi, like that.

SH Did she this time?

TH Yup.

SH You're sure of that?

TH Yup. And then I went in, you know, and played with Kyle or whatever and he got her out and got her dressed and whatever. (Inaudible)

SH She was having ice cream?

TH Yup.

SH He was holding her in his lap?

TH Ah they were standing.

SH They were standing?

or whatever. And ah and then ah he was like, like ah she'd mimic she'd say eyes or nose if he said it.

SH And you left the house and you didn't, you didn't return till much later?

TH Yeah.

SH We'll get into that you don't have to explain right now. You didn't return 'til much later?

TH Yeah.

SH And you didn't see her the next day?

TH No.

SH Okay. Jill's going to show you some pictures of Kassidy's face. Um this isn't going to be easy but I need you to look at these pictures and I need you to tell me if these are the things that you remember seeing on her face? Okay? Um and like I said it, it's not going to be easy but I need you to be strong. For Kassidy because you, you saw her alive and less than 24 hours from then was when she was dead. And I need to know if this is what you remember being on her face? And understand that bruises change with time they get a lot worse. So if there's any remote chance that yeah boy that's in the same area of the one I remember I need to know this. Okay. Because it's gonna help me with some time frames. So we're going to show you some pictures.

JR Some of these are actually taken at the scene at the house this was taken at the medical examiners office that's the largest and that's the most graphic of her face. In these she's being worked on. That's at the hospital. This one isn't fully focused but... And this is another one at the scene.

SH Do those look ah like they could be maybe aged from when you saw them on that evening?

TH No, no cause she didn't have anything up here.

SH Yeah...

TH I remember this.

SH You do. Is that from the ball? Is that what he described as being from the ball?

TH Right.

JR So the one right under...

TH But when, but when I when I seen it it was I mean you could tell...

SH Yup

TH ...that it was rounded you know what I mean.

SH And that's kind of lost that.

TH It had a, it had a, it had a definite, definite shape of round.

SH So you would say this then Travis and I don't want to put words in your mouth. But this injury right here has changed since you saw it?

TH Yeah.

SH Okay so it's safe to say that her face changed since you saw her.

TH Absolutely.

SH You did see an injury here?

TH Yes.

SH And now that injury, what looks worse?

TH Yeah it looks before it, like I said it just, you could tell that it was rounded.

SH Okay.

JR So just for the tape you're pointing under her left eye and you said that there was a, a, a smaller bruise there but certainly the bruising on her forehead on her on her other cheek you can see in these pictures and what about under her chin? Um were those there? When you say her that night if you look at the one underneath her chin that's pretty significant?

TH Um, no. He didn't.

SH He just said to you Kassidy's in the hospital?

TH Kassidy's in the hospital he's on his way basically da, da, da, da, da.

SH On his way where?

TH On his way on his way to there.

SH The hospital?

TH Right.

SH Did he say where she was in the hospital?

TH Um, Kittery.

SH Why was he doing that did he seem a little nervous?

TH Yeah.

SH Did he actually say anything? I don't want to put words in your mouth, but did he actually say, I'm worried, I'm nervous that maybe they're going to think I did something to her?

TH No he you, you could tell in his voice.

SH Tell what?

TH That he was you know he was worried.

SH That he was worried what? That she was going to die or that someone was going to think that he was responsible, and you can tell me...

TH That somebody was gonna think he was responsible.

SH Okay but he didn't flat out say that to you?

TH No.

SH Okay, cause Travis to ease your mind a little bit he called more than just you. Okay um he called a few other friends of which I'm sure you know these people um and said basically the same things and, and they'd been very up front with us as I'm sure you're being. And he in fact even

admitted to making a few of these phone calls and what he said. Um so I've already heard it you're not going to say anything that's going to make me fall out of the chair. Um I just need you to try to I know it's tough because it's been, you know, going on some time now. Try to remember everything he said um what I have so far is that he called you and he told you that Kassidy was in the hospital. You don't know how he knew that he just knew. That he was on his way there. Did you know where he was calling from?

TH I would assume he was calling from his car phone. Cause it sounded like a cellular phone.

SH Did he say he was in Michigan? New Hampshire? Where was, did he say where he was?

TH No he didn't say where he was. He said he was on his way.

SH And that the hospital was in Kittery um and then he kinda reminded you that you had seen the baseball incident.

TH Yeah.

SH Did he remind you about anything else?

TH No not to my remembering.

SH Okay I'm going to suggest some things right now. Only tell me if, if you remember him reminding you of them, okay? If, if not, if you don't remember, then I do not want you to go with this at all. But did he remind you at all at how she does not put her arms out when she falls?

TH Un nnn.

SH He didn't say anything like, you know how she falls and ah doesn't protect herself and they better not think that I'm doing things to her? He didn't say that to you?

TH Not to my rememberings, no.

SH He just reminded you that you saw the baseball injuries and then he gave you the impression that he was worried that the police was it the police or just whoever?

TH Yeah whoever.

SH Was gonna be or, you know, thought he might have done something?

TH No.

SH Did he give you that impression that he was implying that?

TH No.

SH You never felt any pressure from him at all?

TH No.

SH Are you sure about that?

TH Yeah.

SH Yeah. Um, about how long was that conversation?

TH Ah it was just a couple minutes.

SH Just a couple minutes?

TH Yeah.

SH How'd you feel? Like were you,...

TH I was worried...

SH ...what did you think, she had her appendix out?

TH As soon as, as soon as, as soon as I heard that she was in the hospital I was, you know, I was worried for the baby actually you know.

TH I didn't really know anything other, you know, I was worried for Cassidy.

SH Well here you are at, at McDonald's and you got this phone call from this guy that you know pretty well about a baby who's situation you know quite a bit about. What were you really thinking? What were your suspicions? What were your fears? You couldn't have not been thinking anything?

TH Yeah, I was...

SH Did you think that maybe someone had gone to far with this kid?

TH I don't know actually I didn't I didn't know what was going on, so I really had no idea, I was just concerned. You know, I didn't know why she was there I didn't know for what reason.

SH Did you have any idea how serious it was?

TH No idea.

SH He never mentioned that she was already dead?

TH No. I didn't find that out until uh after I had already gotten home.

SH Okay. Um...

TH Chad's sister told me.

SH Okay and ah what you're telling me is that while you're at McDonalds you don't ah kinda smell a rat. Kinda feel like some-someone went to far. Maybe not know who but was that your feeling or are you telling me you didn't...

TH I didn't I didn't I had no idea like.

SH It would have been just a safe for you...

JR Side two of the tape the same three people are still in the room.

SH Nothing more to it at all. Did he mention anything about um a phone call he had gotten earlier in the day that had kinda shaken him up about any particular agency calling him or anything like that? He never mentioned to you anything about that?

TH No.

SH So if I told you...

TH I sound, I found that out, um at the police station, actually.

SH Okay, okay but you don't remember him mentioning that to you?

TH No.

SH Saying, what the fuck, these people are calling. You don't remember that?

TH No I remember actually I didn't know what it was DT?

SH Okay.

JR D

TH Whatever. I, there was a message on the answering machine.

SH Okay, was this he morning when you woke up Thursday morning?

TH Eee, I'm not exactly sure when I played it. It must have been that morning.

SH Okay was that the only message that had come in that morning?

TH Um I don't remember any other ones.

SH But you do remember that one?

TH Right.

SH Can you just um, I know Jill has a question for you, but can you just tell me what that message said because I didn't get to hear it.

TH Um basically, ah, this is for Chad Evans, can you please contact us, it gave a phone number and it said who they were, it's refer and they said it was referring to the kids.

TH Yeah.

SH You didn't erase it?

JR ...and it's for you and you go over and you pick up the phone what's the first thing he tells you?

TH Um, I don't remember exactly. I really couldn't say.

JR Okay but he says that?

TH Kassidy basically Kassidy's in the hospital and da na na na na.

JR But what's the da na na na na?

TH I don't, see I, I don't remember the whole conversation. I remember him mentioning that, you know, the night about the, the baseball and the uh bat or whatever. And he said you were there with me that night, you know, you seen me with her and then that was that.

JR Does it seem unusual to you that here's a person who's girlfriend's child has been injured or is so ill that she's taken to a hospital and he's driving to be there and he's calling you at work to make sure that you remember what happened last night? Is it fair to say that that's unusual that you know you talk to any parent and, and Kassidy may not have been Chad's child but it was somebody he cared about's child and she was a part of his life right? So now he's rushing up to be with her and he has to call you and make sure you remember the story last night?

TH I didn't think anything of it.

JR You didn't?

SH Actually you, you told me that you did. When we first started this you told me that you thought that was a little strange that he was reminding you. You, you felt like he was reminding you. Are you telling me that that's not accurate now? Did you feel like he was reminding you?

TH No, I already knew anyways so, I mean...

SH You didn't feel like he was calling just reminding you that that's what you saw?

TH No.

Was he also telling you, you remember she gave you a hug and a kiss you remember she said hi you remember she was pointing out her nose did he refresh your memory on any of that stuff?

TH Uh huh. Yeah.

SH He did?

TH Yes.

SH Okay. So, Chad Evans, and I want you to stop me if I say one thing that you don't recall is true. Chad Evans called you, told you that Kassidy was in the hospital. That he was on the way to see her. And then he reminded you that you were there with him last night. That you knew about the baseball story. And that you saw Kassidy coherent, saying hi to you, pointing out her nose. He reminded you of all the things she was able to do that you saw?

TH Um hmm.

SH That's true?

TH Um hmm.

SH Okay. Um and ah you're truly sitting here with me now and don't feel like he was trying to pressure you that you need to remember this stuff?

TH I didn't feel pressured at all.

SH What do you think now? Looking at it now from my point of view. I don't think you've done anything wrong here. But I do think that a friend might have been trying to take advantage of you a little bit here and say hey buddy you remember what you saw. And I can imagine how you must have felt. You've got nothing to do with this.

TH Right.

SH And this guy's calling you going hey you better save my ass kind of thing you better not forget that. Is that how you felt?

TH No, I haven't

JR Okay are you close to anybody that has children?

TH Yeah.

JR You find out a kid is injured you're primary function is to get to that kid. That's all you're thinking about that's all you care about every parent has their worse nightmare going through their head when they are headed to a hospital. TH Um hmm.

JR I mean does that make sense at all?

TH Yeah.

SH Do you feel now sitting her now looking back in hindsight that it was suspicious that he called you like that?

TH I guess, yeah.

SH Okay do you remember if he also reminded you that you got home a half an hour after him? That's very important I, you, you really try to recall that if that happened?

TH No. No. Because, because I don't even know how long he was there before I got there.

SH In our first interview you were specific that he was home a half an hour before you and I was wondering how you would know that and if, if it was because he told you that.

TH Um I think he talked to Jeremy.

TH Um just like, you know, I, all I said was I hope she's all right.

TH Yeah.

SH I want you to tell me what he's saying.

TH He's you know concerned obviously um ah you know he said he didn't do it.

SH Did he say what it was?

TH He said he didn't, you know, hit that girl ever.

SH Right. Did he say who did?

TH No.

SH Because, I mean he offered us some explanations he didn't offer them to you?

TH Nuh uh.

SH Did he give you who he thought might be involved?

TH No. I thought Jeff Marshall obviously because he was only one that was with her that day.

SH Yeah.

TH I mean, and that's, um, I mean

SH He gave us ah a few people that we should be looking at. And ah you'd probably be surprised to hear who some of the people were that he suggested we should be looking at. I just want you to know that. Um, that he was pretty forthcoming of who he thought we should look at. And it wasn't him. Um so I want you to know that. And I'm also curious what he would have to say to you after the fact if he, if he did he actually suggest Jeff or did you just think Jeff because Jeff's the babysitter?

TH I thought Jeff because he was the babysitter.

SH Okay and because of the spanking incident?

TH Right.

SH Any other reasons?

TH Yeah, I would suggest Jeff. I heard of ah, but this is just hearing I know, I've never seen it, or whatever, I heard he had stepped on her toe.

SH Okay.

TH Whatever but I and I heard that was a accident too, obviously so.

SH While we're on that subject can you show him a picture of her foot? I just want to show you a picture of the bottom of her foot and um something is obviously going on there.

JR And it was on both feet. We just brought you one photo but there was and you can't see them all these are just the bigger ones um there were little...

SH They look like pricks.

JR ...pin, pin pricks is what they appear to be we're not sure what caused them. They were all over the bottom of her feet.

SH And I figure he probably played with her or wrestled with her you know normal stuff. Did she ever complain about her feet or did you ever see anything like that? And think that...

TH No, actually...

SH ...she stepped on something or?

TH No.

SH Never seen that?

TH No.

JR That, that's what was suggested and that's been eliminated. She didn't just step on something several times.

SH Not at all.

TH Right.

JR Okay so somebody did that to her. And they did it to both her feet.

TH Ummm

SH And from the time frame it's not exactly something that happened hours before her death. You know some of these are old. So ah Jeff only had her for a few hours so to speak. Okay. Um so make whatever assumptions you need to off of that but she might have had these for, for a week or so. Some of these.

JR Um hmm.

SH And it's nothing that you ever noticed?

TH No.

SH While we're on the subject of feet and legs and her walking, did you ever notice anything about the way she walked?

TH No, not really. She just seemed to walk all right.

SH Okay so if I say to you pigeon toed that doesn't ring a bell with you at all?

TH Oh not really I mean.

SH You didn't think she walked strangely or funny or gingerly or anything like that?

TH Um from what I seen, she seemed to walk all right.

SH Okay um and while we're on this topic um I'm being told by some of the people in this group that there was a situation in which Chad had pulled on her leg I don't know what that means. And pulled her leg and then she had um, limped for a little while after that. Do you know anything at all about that?

TH No.

SH Never heard anything about that? Okay, um, so on the topic of since we last spoke, anything new that's come, come up um, would you say that in your conversations with Chad he's just denied any wrong doing has a have you ever been present when anyone's accused him of anything. Be it Amanda or Amanda's mother or any kind of shouting matches at all or?

TH No.

SH You've never been present for any of that?

TH No. I was, the only thing that um somebody had a called the house, you know, cause I was there I was ah he was staying at a friends house. And I was staying at the house taking care of Kaydo (?) his dog and ah ah there was a message ah one night when I got home. I don't remember exactly what day it, it was but ah how could you live with yourself, how could you live with yourself.

SH Did they leave a name?

TH No.

SH Do you have any idea who it was?

TH I figured it was ah Amanda's step-father.

SH Oh it was a guy?

TH Yeah because I had talked to him before.

SH Yup.

TH Because Chad had wanted, wanted to talk to Amanda so I, I had called and left a message to call where he was and uh it sounded an awful lot like him.

SH Is that the only that's the only time you saw him be confronted by anyone? Did you ever take him aside and say what the hell happened? Cause you cared about that little girl too.

TH Hmm.

SH And I don't you don't take me as a kind of guy who would just blow this off? Did you ever sit him down and say what the hell happened here?

TH No cause we never were really alone you know whatever.

SH So you never had a talk with him about what went on?

TH No.

SH Would you intend to I mean what, what, what would you do with this? What kind of guy are you. I mean I don't know you.

TH Hm I imagine I would.

SH You still kinda in shock by the whole situation?

TH I haven't, I haven't stopped thinking about since it happened.

SH Um we're going to step out of the room for just a minute and then we'll be getting out of here pretty soon. Um before we do wrap up though I just want to clarify that at no time during this interview have you felt like you had to be here with us? That you couldn't leave?
