On Wednesday, December 6, 2000, at about 1840 hours, I spoke with,

WILLIAM PEIRCE DOB [REDACTED]
6 Johnson Court [REDACTED]
Kittery, ME

at the Kittery Police Department. The purpose of the meeting was to determine the details of a fall KASSIDY had taken from JEFF MARSHALL'S truck, which PEIRCE had observed. PEIRCE related the following. He believes the fall occurred just a day or two before KASSIDY's death. PEIRCE said KASSIDY was in her car seat in MARSHALL'S pickup truck. KASSIDY was getting out of the car seat under her own power, she kind of rolled forward in a falling motion and MARSHALL caught her without her striking the ground. PEIRCE did not believe she struck her head on the truck. He said KASSIDY did not cry and he believes if she had struck her head, they would have noticed. PEIRCE said that MARSHALL commented "See, she just falls out of the truck." which PEIRCE took to mean she had fallen out of the truck before.

PEIRCE told me he had spoken with MARSHALL by telephone, on Wednesday evening before KASSIDY'S death. MARSHALL told him about a telephone call from C. EVANS in which C. EVANS told MARSHALL that KASSIDY had been struck by a baseball and her eyes had gone back in her head. PEIRCE also spoke with MARSHALL by telephone on Thursday morning, at about 0900 hours. MARSHALL told him that KASSIDY was not walking, she was sitting in front of the television eating cereal.

PEIRCE said MARSHALL had shown him bruises on KASSIDY'S face about three to four weeks before her death. PEIRCE described two faded bruises on her cheekbones, below her eyes, and fading grip mark type bruises on her face, on either side of her mouth. PEIRCE said that about one to two weeks before KASSIDY'S death, he noticed the grip mark type bruises had darkened again.
