

Gunstock Ski Outing

By Larry Lane

On Wednesday, February 9, over 100 of our employees attended a special Colley/ McCoy employee night at the Gunstock Ski Area. The weather was a balmy 33 degrees. Everyone had a terrific time and many had their first experience with skiing including myself. A special thanks goes to Bob McDougall for his efforts in coordinating this terrific event and to DebbieThompson for her assistance.

The "Dover Crew"

I would also like to thank Matt Houde, Cole Ford, and Jeff Estes from the Dover restaurant for their help and patience with a rookie on the slopes. After about six I finally made it to the bottom without those temporary set backs! We also appreciate Jeff's mom who donated her time to drive a bus and provide transportation for people from the Seacoast Area to the event.

The next scheduled Colley /McCoy employee night will be held on Thursday March 9th. I hope to see everyone there. If you want to find me, I'll give you a hint, it won't be on the Double Black Diamond trail!
