To Judge Nadeau:

I am Chad Eran's grandmother.
I want to let you know my
concerns about Chad. I feel he
is innocent & should have a
new trial in a different location.
Chad has done much to help
organize graduation parties for
two different years for Keene High
School. Parties with no alcohol
& drugs & with support of parents &
kept the graduates happy. Chad
has a very serious care for others.

Later he served on the school

board in Keene. I think he is
deserving of believing ⁱⁿ himself!

He has more than once tried to
help others who need it. I say
from the depth of my heart that
the Truth must prevail. Many
times he has brought his family
here & showed them farm life &
nature as it is.

I hope he gets some serious
attention to let him help to
believe in himself again.

I respect Thank you for reading this.
