Approved: 

---

I spoke with DR. MARGARET GREENWALD at the conclusion of the autopsy of CASSIDY BORTNER. MARGARET stated that CASSIDY died of blunt head trauma with the possibility of Shaken Baby Syndrome. CASSIDY'S brain was slightly swollen, too.

GREENWALD stated that the optic nerve appeared to have hemorrhaged. The abdomen had hemorrhaging, which is a deep injury. This injury is definitely an impact injury. The final report will list the complete details.

END OF INTERVIEW.
