---

I spoke to KRIS KEELER, who is one of the supervisors from New Hampshire's Department of Health and Human Services. KRIS had brought along case worker PATRICIA HOCTER, who had been assigned to the case originally.

KRIS stated that a anonymous report had been called into their agency on October 31, 2000. PATRICIA was assigned the case on November 01, 2000. The anonymous reporter stated that CASSIDY was observed with large bruises to the left side of face and across her neck. This was seen approximately two weeks ago. The reporter was in CHAD'S home the night before the report and observed new bruising to the right side of her face.

On 11-06-00 PATRICIA left a message on CHAD'S answering machine for him to contact her. He did not get back in touch with her. She left another message on 11-09-00 at 9:11am. CHAD called her back on 11-09-00 at approximately 12:30pm and left a voice message that he was going to be out of town for the weekend and would get hold of her.

KRIS stated that CHAD EVANS has no prior involvement's with the Department of Health and Human Services.
