Officer: SERGEANT ANNE M BRIDEAU

650

11/16/2000 2309

On the above date at approximately 2248 hours I received a message from Dispatcher Daigle indicating that there was an attorney on the phone who was representing Evans and that he needed to speak with someone right away.

I was able to speak with Attorney Alan Cronheim who asked me to find out if his client, Evans was being interviewed by State Police or any police agency. I advised Cronheim that the Rochester Police made the arrest of Evans at the direction of the NHSP and that at this point our only involvement was the arrest, but the investigation was with the NHSP and that I had no control over the investigation at this time. Cronheim asked me to make sure that his client was not being interviewed and to get his client, Evans, on the phone immediately and I advised him that I was unable to do that as the individuals dealing with Evans were busy and I would not interrupt the investigation. I also advised Cronheim that as soon as his client was available I would relay the information to Evans and also give Evans the home phone number to Cronheim so that he could call if he wished.

I did have an occasion to speak with Attorney Delkon of the NH Attorney General Office who advised me to tell Attorney Cronheim that no one was available to speak with him at this moment and that his client was tied up. I relayed that information to Cronheim. Cronheim then asked me to make a note to the report that at 2155 hours he called the station after receiving a message from someone from the NHSP and that he was trying to invoke his clients right to not speak with the police. I advised Cronheim that I would relay his information to the Attorneys from the Attorney General Office and also make a note to the report.

At 2304 hours a Detective from NHSP had Evans with him and he requested that there be a phone available for Evans to use. I allowed Evans to utilize the phone in the Sergeant's office and I also gave Evans the phone number to Cronheim's residence that had been given to me by Cronheim

No further follow up by this officer.
