

Wonderful night

To The Sentinel:

I'm a member of the Keene High School 1990 graduating class and I would like to thank this great community.

Project Graduation, as most of you I'm sure know, is a night for graduating seniors to get together for a chemical- (drugs, alcohol) free party.

Although I'm not into chemicals, I never pictured myself going to this event. As graduation grew nearer, I finally decided to go. This was one of the best decisions I have made. I had an excellent time. There was so much to do. There was a never-ending supply of food and tons of prizes to be won. Best of all, there were all of these adults around with happy, smiling faces; they were all happy to help us. I was just so overwhelmed that everyone from the lifeguards, to the casino workers, to the police officers were volunteers.

In closing, I would like to again thank anyone who had anything to do with this very well planned evening. It was a night I will always remember and a night I will be sure to take part in for years to come.
