

BOC EVALUATION

*Chad.
I'm really
impressed...
GREAT Job!
Lori Scardera*

Student's Name: Chad Evans

Store: Keene, NH

Class Number: BOC 188

O/O or McOpCo: McCoy

Class Dates: December 3-7, 1990

Supervisor/Consultant: Bossio/
Seymour/Morse

	<u>Score</u>	<u>Class Standing</u>	<u>Class Average</u>
BOC Entrance Test	98.00	1/15	90.80

The Entrance Exam is a hard numbers test used to measure the student's training in station procedures, standards, times, temperatures, etc.

	<u>Score</u>	<u>Class Standing</u>	<u>Class Average</u>
BOC Mid-Week Test	97.14	1/15	87.05
BOC Final Test	97.00	5/15	92.33
Overall Tests	97.38	1/15	90.06

Comments:

Volume complete. Consistent feedback was provided by Lynne. Quality of work by Chad is excellent. Recommend that pre-BOC notes from Post-Class Action Plans be completed as part of debriefing back at the store.

Chad actively participated in class all week, asking many good questions. He sought instructor's help after class to clarify points to insure his understanding. He demonstrated a high aptitude for hard numbers during the quality competition.

At Store Day, Chad was serious about applying the communication skills learned during role playing. He made many good observations and was able to prioritize properly.

Chad was Chosen Outstanding Student for this class. This is because of his volume work, class performance and academic results.

The BOC Action Plan should be completed within 4 weeks and mailed to the Boston Training Department. This is a prerequisite for BMC registration.

Targeted Student (up to 4 months): Y N
