

To Whom it may concern,

My name is Joshua Dematos, I live at 20 New Durham Rd, Middleton, NH. I am writing in regards to the state vs. Chad Evans case, I know Chad from work, I worked for him at McDonalds in 1998 to 1999 everytime I went to work he made the environment that I worked in a healthy and fun establishment he would always compliment me on the way I did my job, the way I would teach people to work there, he made me feel good about myself to, I've never had an employer make me feel wanted and appreciated, I had worked worked at McDonalds because I quit school and Chad pulled me aside one day and talked to me about why I had achievement from school so I took him up on the advice and went back to school the following year. He had a big impact on my life because if it wasn't for him I would have never went back to school. Chad is also the nicest person I have ever met in my life, I've seen him help so many people at work, one day at work he saw a homeless person outside of McDonalds looking through the garbage for food Chad brought him inside and paid for the man to eat a meal out of his own pocket. I dont know if this letter will have an effect I followed the case and I thought it portrayed Chad

much differently than the wonderful, calm person I know him  
to be. Thank you for reading my letter. I appreciate it  
very much.

Sincerely,

Joshua Dante
